[redacted] MKULTRA 1:
13-1

SPECIAL FUND

1. Cash received during this fiscal year should be kept separate from the $300.00 received last fiscal year. The cash remaining from last fiscal year should be used up first, before the new funds are used.

2. The following applies only to FY 54 cash funds:

a. A total of $1000.00 has been allotted for the following purposes:
(1) Activities where unusual security considerations make it difficult to get financial support from more customary sources (that is, where proper funds for a given activity would require an undesirable amount of written or oral justification).
(2) The purchase of certain material where use of other funds would delay operations to an excessive extent.
(3) The above includes payment for services, travel, honoraria, supplies, etc.

b. The total amount and the purposes for which it may be used is subject to amendment whenever it appears desirable.

(9) c. Portions of the total amount will be furnished to [redacted] Division as needed.

(9) d. One individual in [redacted] Division should be appointed as keeper of the cash funds. He will furnish a receipt when he receives cash and in turn he will be given a receipt of some sort for funds which are expended. For instance, where possible, there should be a reciept for supplies purchased; however where it is not customary for receipts to be given in a given case, or where for some reason no reciept is obtained, a note should be made out explaining the expenditure. Where payment is made to an individual as an honorarium, a receipt should be made out by the person receiving the payment. For instance: Received from [redacted] (9) custodian of the cash fund), $xx.xx , for honorarium (or some code word if desired), signed by whoever received the money. There is no need to mention [redacted] (9) Division or any personal titles.

e. Receipts should be turned over to me periodically. These will be kept on file to be used only if an audit of the fund is requested.

f. It is suggested that, beginning with FY54 cash, some sort of a log book or ledger be kept which will show the amounts received and the expenditures and the amount of cash which should be on hand. The only purpose for this is that it would probably make it easier for you to keep track of the present status of the funds, from your end.
