MEMORANDUM FOR: THE RECORD

SUBJECT : MKULTRA Subproject 132

1. The purpose of this memorandum is to renew subproject 132 and provide funds to continue conducting realistic tests of certain research and development items and systems of interest to TSD/BB.

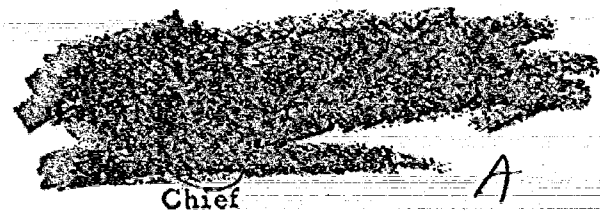

2. During the course of research and development it is sometimes found that certain very necessary experiments or tests are not suited to ordinary laboratory facilities. At the same time, it would be difficult if not impossible to conduct such tests as operational field tests. This project is designed to provide a facility to fill this intermediate requirement.

3. A memorandum of agreement along lines established by previous audit recommendations in like situations will be executed.

4. The total cost of this subproject is not anticipated to exceed $10,000.00 for a period of one year. Charges should be made against Allotment No. 4125-1390-3902.

TOP SECRET

5. It is not anticipated that any permanent equipment will be required for this project.
