Dr. [redacted]

Dear [redacted]:

I am enclosing the signed receipt for payment against our invoices 520 and 526.

I received 500 grams of 3,6-endoxy-3-methylhexahydrophthalic anhydride this morning and the balance of the order should arrive within a week or two. I will ship the full kilo in one package, or perhaps bring it with me for personal delivery later this month.

There has been another slight change in my plans. I am scheduled to be in [redacted] on the afternoon of September 26 and at [redacted] on the following morning. I should arrive in [redacted] about noon, or shortly thereafter, on September 27 and will call you at the number you gave me. I apologize for the change and hope it will not cause you any inconvenience. If it does, please let me know and other arrangements can be made.

Sincerely,

Dear [redacted]:

In accordance with your letter of July 18, we have procured 100 grams of N,N'-dimethyl-p-phenylenediamine which is being forwarded to you today via parcel post. Our invoice on the shipment is enclosed.

Preparation of 3,6-endoxy-3-methyl hexahydrophthalic anhydride is now underway and 100 grams of it should be available within another week or so.

An additional 50-55 grams of N,N'-dimethyl-p-phenylene-diamine is available at $1.80 per gram if you need it.

I expect to be in Washington during the week of September 12, probably on September 12, so perhaps we can arrange a meeting at that time. If so, please advise as to the best way to contact you.

Sincerely,

Dear [redacted] C

Confirming our telephone conversation, we would appreciate it if you would go ahead and obtain 100 grams of N,N'-dimethyl-p-phenylenediamine. The estimate of $2.40 per gram is satisfactory with us.

Regarding the 3,6-endoxy-3-methyl hexahydrophthalic anhydride, please go ahead with the 100 grams at approximately $150.00. If you can obtain, at a later date, one kilo for approximately $500.00, please do so. No further confirmation from us will be necessary.

Sincerely,

Dr. [redacted]

Dear [redacted]

Enclosed you will find directions for making 3,6-endoxy-3-methyl hexahydrophthalic anhydride. I need a kilogram of this material and have not been able to find it on the market. If it fits in with your plans, I wonder if you could find a source of it for me.

If you can find someone who has this amount or is willing to make it, it would be a big help to me. As usual I'm in quite a bit of a hurry. If you decide that you can do the job, please drop me a line and let me know the cost and the approximate date of delivery. I can then make the necessary arrangements and confirm the order. Please write to me at the above address.

Sincerely,

Dear [redacted]

I can procure N,N'-dimethyl-p-phenylenediamine for you at the following prices:

50 g.	$3.00 per gram
100 g.	2.40 per gram

Larger quantities can be obtained at a substantially lower price. A different method of synthesis apparently would be employed for production of larger quantities.

No indication of the time required to produce 50-100 grams has been given but I doubt that it will take more than a week or two. Please advise me if you are interested in the product at the prices quoted and I will proceed accordingly.

Sincerely,
