MEMORANDUM FOR: THE RECORD

SUBJECT : Subproject 6, MKULTRA

1. The aim of this subproject is to provide funds for an increase in the scope of that portion of Subproject #48 which deals with the over-all returnee interrogation and rehabilitation program now being carried out by the [redacted] Since it is impossible to estimate in advance the number of subjects to be handled under this program, it will be necessary to enlarge its scope from time to time.

2. Subproject 6 was set up originally for the purpose of providing isolation and testing of natural products from the Rivea species of plants at the [redacted] The total cost of the program amounted to $5,000.00. However, no funds were expended under this project because the contractor donated his services to the Government without compensation. The change of Subproject 6 from its original goal to the present one is based upon an identical case where Subproject 10 was converted for use in the [redacted] project after it became evident that the funds committed under it originally for another purpose could not be used. [redacted] has since audited Subproject 10 without questioning this type of handling.

3. Accounting for funds expended by the contractor in this subproject will be reflected in the general accounting for Subproject 48.

4. The total charges for this project will not exceed $5000.00 for a period of one year ending 30 June 1956.

5. [redacted] and Dr. [redacted] the principals in this project are TS cleared. Cut-outs and cover arrangements will be used for dealings with unwitting personnel.
