11 July 1951

MEMORANDUM FOR: Liaison Officer, Project Bluebird
Department of the Air Force

1. As a first step in formulating a program for Project Bluebird each interested service is being asked to provide CIA with the following information:

a. The specific objectives of the Department with respect to this project, both offensive and defensive.

b. A brief statement of research and/or development projects now going on or planned in the Department of the Air Force which relate to this project. An indication of the manner in which these projects, if successful, will satisfy the Departmental objectives will be helpful.

2. Our time schedule is such that receipt of this information by 20 July 1951 is essential.

3. If there is any question about the propriety of including any of the Air Force's activities, please call [redacted] extension 2556, or [redacted]
