MEMORANDUM FOR THE FILES

SUBJECT: [redacted] Chadwick

1. Mr. [redacted], OPC, telephoned about [redacted] having joined OPC to take active part in field work on "Bluebird". [redacted] solicited cooperation with OSI to build up background for K. and made appointment for K. to meet HMC and [redacted]. [redacted] will be available for four to six weeks for indoctrination, and any use of him which will be of mutual benefit to OSI and OPC is agreeable without reference to [redacted]

2. [redacted] in a subsequent conversation, confirmed [redacted] assignment to project and stated that so far as security is concerned, any information should be given to [redacted]

Continuation by Dr. [redacted]

3. Dr. Chadwell talked to [redacted] regarding the program for [redacted] and it was agreed that K. would make no contacts outside of CIA without first clearing through CIF. It is understood that K. might desire contacts in the Office of the Surgeon General of the Army. These contacts would also be made through CIF.

4. It is understood that under no circumstances is the special project to be discussed with any persons other than those especially cleared. In a telephone conversation, Mr. [redacted] informed HMC that clearances had been started on [redacted] long before special projects were considered. For the time being, K. will be assigned to work with CIF and will review information material in OPC. He will review literature and summarize some special information under the direction of CIF but will not be given any documents above "Secret". He will be given the polygraph interrogation and after one month to six weeks of ground work, he will be given a specific assignment in the field of interest, if his qualifications justify such assignment. Up to the present time he has not had any special training and does not have any special knowledge on the subject. He is not a psychiatrist.

5. It was mutually agreed, at least for the time being, that it would be inadvisable to have an interview with Dr. [redacted]
