Request for ARTICHOKE Team for [redacted] H-B/3

1. The partial [redacted] and background material for the two [redacted] people now at [redacted] are transmitted as enclosures under separate cover. This case was discussed fully with the ARTICHOKE team when they were at [redacted]. Those two men are disposal problems, one because of his lack of ability to carry out a mission and the other because he cannot get along with [redacted] the chief agent of the project. Both have extensive information concerning the [redacted] assets and thus are security risks wherever they are disposed of. B/3 B/3

2. Anything that can be done in the ARTICHOKE field to lessen the security risk will be helpful since the men must be disposed of even at maximum security risk. The urgency of consideration of this case is due to the fact that one of the men is already somewhat stir crazy and has tried to escape twice.

3. The immediate objective of the ARTICHOKE team would be to try to get the men to want to stay where they are for the next two or three months while we are determining the effect of the treatment and while we are working out alternate disposal possibilities, depending upon this effectiveness.

4. Your earliest possible consideration of those cases would be appreciated.
