SUBJECT: [redacted] Research; Reconsideration of. C

1. Reference is made to my conversation with you yesterday, 16 July 1953, concerning the sending of [redacted] for further discussions with [redacted] concerning the proposed research and experimentation to be carried on at [redacted] C

2. As we discussed yesterday, there are three prime reasons for another trip by [redacted] C

A. Recent correspondence from [redacted] indicates that he is somewhat discouraged in the slow development of the project and this trip would stir up his interest again.

B. [redacted] has now been cleared and at this point [redacted] could talk with [redacted] concerning a re-designing of the project. C

C. [redacted] could, after discussion with [redacted] make an immediate study of any new proposals that came out of the discussions and, in addition, obtain names of individuals who could be substituted for [redacted] in the event we have to abandon using [redacted]

3. If you will grant authorization for this trip, the writer [redacted] will have a discussion with you concerning the situation and the various security ramifications involved prior to [redacted] leaving. A

4. At the present time, it is difficult to estimate how long this trip will take but it is believed a great deal can be accomplished [redacted] in three days at [redacted] This office will make the necessary arrangements for [redacted] travel as soon as we have received authorization from you. A C
