SUBJECT: Exploration to [redacted] F

C

1. As verbally suggested [redacted] shortly be in position to locate and collect certain much desired photographic records, botanical specimens and information, such as times of fruiting and uses during his trip to [redacted] by way of [redacted]

F

C

2. His thorough [redacted] training in plant sciences and especially taxonomy, his activity as [redacted] and previous botanical excursions to tropical countries qualify him well. While representing [redacted] he travels on his own limited funds, but offers to carry out any special assignment of limited scope which this government may entrust to him. My contacts wit[redacted]re those facilitated through my cover connection with the [redacted] and did not in any way commit our agency or disclose its ultimate interests. A fund of $100 contributed to [redacted]expenses would assure us his special efforts, especially if he could be told that additional minor expenses, incidental to the collection or purchase and shipment of supplies, requested by me would be refunded.
