MEMORANDUM FOR THE RECORD

SUBJECT: I&S Activities Re Project Artichoke

A 1. [redacted] of I&S advised [redacted] on significant aspects of his work re Project Artichoke as follows:

a. His activity has been raised to the level of a staff organization and is now known as the Technical Research Staff, I&S. Their job is to develop techniques and gadgetry for security purposes. The principle interests now are polygraph, hypnosis and photography.

B C b. He is considering hiring a [redacted] as a full time paid consultant. [redacted] would be used on field experiments for Project Artichoke if any turn up. In view of the agency block on consultants, [redacted] is taking the matter up directly with the DCI. [redacted]

A [redacted] called [redacted] to see if matter has come up to DCI. [redacted] believes a paper did go through on a consultant but doesn't recall name and [redacted] believes it was strictly I&S business. [redacted] advised [redacted] that if it is [redacted] it should be coordinated with OSI. [redacted] will check and call back).

A H-8/6 2. [redacted] advised [redacted] of our plans to bring two top hypnotists into project [redacted] and [redacted] suggested that we join our separate programs. [redacted] greed. [redacted] will attend meeting on laboratory facilities at 11:00 a.m., Thursday, bringing [redacted] and [redacted] guarantees ten polygraph men for research work if we set up facility.
