STANDARD FORM NO. 64

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Security Research Staff

DATE: 24 May 1954

FROM : Chief, Technical Branch

SUBJECT: Attached Report

1. Transmitted herewith is report of classified conversation between [redacted] and [redacted] This report is believed to be entirely self-explanatory.

2. For matter of record, we have been investigating for some time, as you know, the possibility that flickering lights used in conjunction with certain chemicals might be useful in producing disorientation, confusion and possibly convulsions in subjects for special reasons. [redacted] is an authority on this and also on the EEG techniques.

[redacted] comment in Paragraph 13 relative the use of [redacted] as a consultant requires further consideration and, at the present time, this is not suggested.
