SUBJECT: Visit with Isbell

1. H. Isbell here this morning. Spent some 4 hours with him. He left attached interesting report (esp. [illegible])

2. Said that since he is carrying no clinical appts. now he is ready for another "new compound" (like [illegible]

3. Told that we didn't see much point to continuing the comparative tests in view of the data on the first —

4. Told that we have no objection to his publishing the A-15/4 [illegible]

[illegible] M.D.

Told that he will try to get [illegible] to [illegible] chlorpromazine data.

Asked what our interest in LSD combinations was. Relayed to him results of our last discussion about:

LSD – C_4THC

" – Scopolamine

" – Cocaine (or cocaine-like materials)

" – Antihistamine (a la [illegible]'s paper)

Bufotenine – He will try to get a rep that can supply [illegible] extracts through normal channels to check his results [illegible]

He will contact you in 4 weeks when he gets back from Europe.
