NATIONAL INSTITUTES OF HEALTH

IN REPLYING, ADDRESS THE
ADDICTION RESEARCH CENTER
NATIONAL INSTITUTES OF MENTAL HEALTH
U. S. PUBLIC HEALTH SERVICE HOSPITAL
BOX 2000

29 August 1955

60-

(6)(7)

It seems possible that I will have to go to New York on September 18th to appear before the Senate Subcommittee concerning narcotic addiction. Hearing dates are September 19-21, 1955. I have been told that I will probably appear on either the 19th or 20th.

This means that I could be in Washington on September 20th or 21st. If you or someone else will be available on September 20th or 21st I should like to stop in Washington for a brief conference concerning our work here.

Experiments with the mixture of Hyoscine and LSD are fairly well along. As soon as the data are analyzed I will send them along.

Yours very sincerely,

Harris Isbell, M.D.
Director of Research
