Dear Harris:

I have just been advised that the package we discussed the other day will be picked up and transmitted by the person we had previously hoped would be able to do it. The reason I had contacted you was that it was believed the previous arrangement had fallen through. I appreciate your willingness to help on this matter, and I am glad that I have not caused you any inconvenience. I would like to take a raincheck on your offer just in case.

Any information that you might pick up on the solubility or solubilization of the benzimidazole derivative will be of interest.

I am certain that you and your family are having a most enjoyable and profitable experience. It has always been my desire to be in Switzerland over the holiday season. I personally think it is one of the most lovely countries to live in. With every good wish for a Merry Christmas and a very Happy New Year, I remain

Very truly yours,

Ray
