DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

PUBLIC HEALTH SERVICE

24 December 1959

National Institute of Mental Health
Addiction Research Center
U.S. Public Health Service Hospital
Lexington, Kentucky

Cy forwarded to D. G

(b)(3)

For your information, I am enclosing the following:

1. A copy of a paper entitled "Use of a Benzimidazole Derivative with Potent Morphine-Like Properties Orally as a Presumptive Reinforcer in Conditioning of Drug-Seeking Behavior in Rats" by Abraham Wikler, Phillip C. Green, Herbert D. Smith and Frank T. Pescor, which will be presented at the meeting of the Committee on Drug Addiction and Narcotics, National Research Council, National Academy of Science, in Philadelphia 11-12 January 1960, and included in the "Not for Publication" section of the minutes of the proceedings; and

2. A copy of an abstract of the paper, for publication in Federation Proceedings (March, 1960) and presentation at the meeting of the Federation of American Societies for Experimental Biology in Chicago, 11-15 April 1960.

With best personal regards and all good wishes for the New Year,

Sincerely,

Abraham Wikler

Abraham Wikler, M.D.
Acting Director
