I am enclosing a copy of request to the Office of Naval Research for renewal of our project for fiscal year 1962. The amounts are the same as this year. I also enclose a copy of a letter from G. M. Kingman, Budget Officer, National Institute of Mental Health, indicating that no change was made in the contract so I anticipate no surprises similar to those that occurred this year.

Please let me know if there is anything I can do for you.

With kindest personal regards,

Yours very sincerely,

Harris Isbell
