Dr. Harris Isbell, Director
Addiction Research Center
U.S. Public Health Service Hospital
Box 2000
Lexington, Kentucky

Dear Dr. Isbell:

I am enclosing copies of a number of the articles that I promised to send you. I think that I will have Ed look over the "Survey of Antagonists" also. If he turns up any useful ideas about this I'll pass them along to you.

We are still considering the possibility of a small meeting on animal behavior some time this spring. The meeting would include, besides yourself, Ed, Klaus, and me. I would appreciate your opinion on the usefulness of such a project and also dates and places that might fit into your schedule. As far as I'm concerned, Lexington would be a suitable place and sometime in June a good date.

Thank you very much for stopping in to see me when you were down here. I hope that you had a good meeting.

Sincerely yours,
