IN REPLYING ADDRESS THE

ADDICTION RESEARCH CENTER
U.S. PUBLIC HEALTH SERVICE HOSPITAL
P. O. BOX 2000
LEXINGTON, KENTUCKY

6 June 1957

(b)(3) (160) (b)(3)

It was pleasant to see you in Washington during my recent visit there. I am enclosing reprints on the acetylmethadols as requested by Wally.

Reports on MLD and ALD are in preparation and will be forwarded to you shortly.

Since returning to Lexington I have decided that it would be best for me to cancel the European trip because of the pressure of work during the current year. I am now charged with holding a symposium on drug addiction and the role of the Public Health Service in the problem, in Bethesda in January 1958. This, together with running the unit, and building a house is such a full schedule that I cannot find time to go to Europe.

I am, therefore, cancelling my request for the additional [redacted] for our project. The amount requested will be that shown on the original project description [redacted].

Yours very sincerely,

Harris Isbell, M.D.
Director
