A/B, 1, 12

Chief, Technical Branch [redacted] 10 August 1954

A [redacted]

American Psychological Association Meeting.

1. Permission is requested to attend the American Psychological Association national meeting in New York City from 3 to 8 September. This period covers three non-working days so that only three working days will be involved.

2. Many of the sessions will be on subjects of interest in the ARTICHOKE field; for example, the following subjects will be discussed: "Mental Illness"; "Cultural Discontinuity and Personality Transformation"; several sessions on reactions to stress; "Effects of Drugs on Behavior"; "The Problem of Sustained Vigilance"; "The Effect of Electro-Convulsive Shock and Conditioned Emotional Responses"; and "Quantitative Effects of Sleep Deprivation".
