FROM: Chief, Inspection and Security Staff

FOR USE OF [redacted] CIA ONLY
RD No.

SUBJECT: Request for Intelligence Material

1. Request this office be furnished the intelligence material described below, which does not exist in the files of this office and is not readily procurable from sources to which this office has direct access. A description of the specific items of information desired, with reference numbers where appropriate, is itemized below by lettered items or paragraphs. On any documents desired, this office has indicated whether loan or retention copies are desired by using one of the following appropriate statements: "LOAN": "RETENTION if possible, otherwise LOAN"; or "RETENTION ONLY, LOAN NOT ACCEPTABLE".

It is requested that the following types of information be collected on interrogation (or interview) techniques used by security police organizations, police departments, court rooms and intelligence services throughout the world, with emphasis on any Soviet Russian activity, or satellite activity:

General Interrogation: Routine interrogation methods, both formal and informal, utilizing non-technical procedures to obtain the desired information.

Technical Aids to Interrogation:

Physical: Various methods of physical persuasion utilized to elicit information from the uncooperative subject.

Psychological: Threats, inferences, promises and extended procedures utilized in special interrogation approaches, softening-up procedures and inducements.

Mechanical: Various modes of lie detection apparatus utilized as an aid and verification in interrogation procedure.

Medical: Various drugs, such as the so-called "truth serums," utilized to break down inhibitions and resistances and to produce short or prolonged control or influence over the subject. Also medical techniques used as a form of medicinal durress to produce pain or discomfort to the subject.
