TO: [redacted]

FROM: Acting Chief, [redacted]

SUBJECT: Your Memorandum of 1 November 1951 re Use of Artichoke on [redacted]

1. Your request to conduct an Artichoke interrogation of agent [redacted] is approved.

2. Your people in the field, however, must reinforce their disposal plans beyond those mentioned in paragraph 8 of your memorandum. We must reject the thesis that should Artichoke be unsucsessful and should [redacted] somehow advise his superiors of our apparent incompetence in this field, that [redacted] evaluation of our capabilities would later be an under-estimation and would thus react to our advantage. Agent [redacted] (or the information he may obtain during the Artichoke sessions) must be denied the [redacted] for at least a year or two. The fact that this agent is physically now in our custody makes it feasible for a solid and effective disposal plan to be arranged, and such an arrangement should be a primary goal of the [redacted] personnel now handling agent [redacted]
