SUBJECT : [redacted]

REFERENCES : (a) [redacted] dated 23 April 1958
(b) [redacted] dated 25 April 1958

1. Paragraph 3 of reference (b) recommended [redacted] be instructed to take the position that Subject's mental condition is such that he should be institutionalized at the earliest possible date...."

2. Since reference (b) was written [redacted] has made a good deal of progress. According to the psychiatrist (Dr. [redacted]) who examined him on 23 and 24 May, he is "mentally much better (and) no longer actively delusive." Dr. [redacted] further states that "he [redacted] is not committable to a mental hospital as he is at present." He goes on to state that [redacted] is "sufficiently improved (so) that if left unchanged there is a minimal risk of activating his psychosis by use of [redacted]." He further states that [redacted] can probably be given without his knowledge.

3. A group similar to the one mentioned in reference (b) heard the foregoing conclusions at a meeting on 23 May. It recommended unanimously that the question of [redacted] be raised again with your Committee.

4. The object of the exercise would be to determine:

a. Whether or not [redacted] is on [redacted]. A polygraph test administered recently shows that he is definitely disturbed when questioned in the following areas:

(1) on his personal responsibility for the decision to defect. His reactions show that he may have been dispatched rather than coming voluntarily.

(2) on his name. His response shows that [redacted] may not be his true name.

(3) on his wife. His reactions show that he may believe his wife to have had [redacted] connections while she was in [redacted] earlier.

b. Whether he would answer truthfully and in detail a limited number (5 - 10) of key [redacted] questions on which he has knowledge, based on his experiences in [redacted], but on which he is giving evasive Communist-line responses at the moment.

[redacted] RECORD

5. It is evident from the remarks of Dr. [redacted] that [redacted] be institutionalized in this country. He is planning to be released to the [redacted] is checking this possibility with [redacted] as well as the [redacted] reaction to his pursuing contact in the near future to return his offer to [redacted] or to any other [redacted] institution. It would appear to be important to determine whether or not he is [redacted] legitimate. For this reason request investigation of the circumstances of his [redacted]
