Subject: SI and H Experimentations, 27 November 1951

On Tuesday, 27 November 1951 SI and H experiments were carried on in Building 13, Room 20, with [redacted] present. Messrs [redacted] were also present.

Additional work was conducted in the development of the training film on hypnosis. This consisted of working out the necessary technical arrangements for the taking of the pictures, timing for the cameras, etc. No actual pictures were made and only several routine post-hypnotic experiments were run at the conclusion of the work on the movie.

Subject: SI and H Experimentations, 4 December 1951

On Tuesday, 4 December 1951, SI and H experiments were carried on in Building 13, Room 20, with [redacted] present. Messrs [redacted] were also present.

The entire evening's session was devoted to continued work on the training film. Three major sequences were run, part of which was done in the normal condition and other parts of which were done under full SI.

Since this work consumed more time than had been anticipated, no additional work was done along experimental lines.
