SUBJECT: SI and H Experimentation, 6 October 1953.

On 6 October 1953, Tuesday, SI and H experimentation was carried on in Building 13, Room 20, by Messrs [redacted] and [redacted] and using [redacted] as subjects.

The entire evening was devoted to testing all subjects to determine the extent of their suggestibility since all girls are comparatively new subjects.

After a general discussion as to the aims of the program, the work was concluded at approximately 9:00 PM.
