Subject: SI and H experimentation, 23 February 1954.

On Tuesday, 23 February 1954, SI and H experimentation was carried out in Room 20, Building 13 by Messrs. [redacted] and [redacted] using the following subjects: Misses [redacted] and [redacted]

A

In view of the capacity of the volunteers present, advanced tests were conducted and were completely successful. Complex movements were carried out, telephone hypnosis was obtained and subjects executed successfully certain instructions which involved various types of activities including conversations with the guard and other individuals who were present in the building at the same time without the knowledge of these individuals that the subjects were acting under full hypnotic control.

All subjects also responded to various types of PH suggestions.

The session was concluded at approximately 9:00 PM.
