FROM : [redacted] A

SUBJECT: Special Instructions, [redacted] C

1. On 29 April, 30 April and 1 May 1954, [redacted] C was in this office for the purpose of giving special instructions in hypnosis to two individuals, [redacted] A [redacted] A The writer served as an observer and supervised the instruction. [redacted] C conducted demonstrations and instructions with the primary purpose of acquainting [redacted] A with the mechanics of the science and to train both [redacted] A,A in hypnosis as time permitted.

2. [redacted] A had been briefed on the project "ARTICHOKE" and desired more detailed information as to how and when such techniques might apply in his operations. [redacted] A indicated that he had some dealings in hypnosis. He felt that the science and related interrogation techniques could be utilized to a greater extent than they had been in the past.

3. On Thursday evening, 29 April, during the hours 7:00 PM to 9:45 PM, [redacted] A discussed the subject thoroughly. He demonstrated induction techniques, procedures in hypnosis, post-hypnotics, etc. The balance of the evening was spent in an informal question and answer session. [redacted] A interest was very keen and he seemed to be well pleased with the knowledge given him. Those present were [redacted] C,A,A and the writer. [redacted] A,A were present and volunteered as subjects. Both are excellent subjects, having worked with [redacted] A and the writer for the past several months.

4. On Friday evening, April 30, from 7:30 PM to 10:00 PM, the discussion was continued. [redacted] C demonstrated more techniques and how he felt they could be applied in the field. During this time he induced a deep state of hypnosis in [redacted] A and very quickly developed him into a good subject. The evenings work was continued with hypnotic techniques and terminated at the above given time. [redacted] A continued to show extreme interest. [redacted] A,A were present as subjects along with [redacted] A of this staff as observer and adviser on medical matters.

5. On Saturday, 1 May, from 1:00 PM to 5:00 PM, instruction was continued. Using [redacted] A,C as a subject, [redacted] demonstrated more forceful methods of hypnotic induction which obviously would be more useful in the field.
